

# Isaiah Blodgett

Experienced frontend developer based in Westminster, Colorado. I love making music, playing video games, camping, traveling and hiking.

**Email: [bisaiahblodgett@gmail.com](mailto:bisaiahblodgett@gmail.com)**

## Senior Engineer | Interpersonal Frequency

### Remote: 2021 - Present

- Project lead on the new builds team in charge of project architecture, sprint planning and overall project development.
- Deeply involved in development of the company's base system and mentoring other developers in new tech stacks.
- Creates project architecture documentation in tandem with a backend developer.
- Facilitates QA/UAT in the lead up to client deadlines. Present during client training meetings and site launches.
- Attended DrupalCon 2023 Pittsburgh as a representative of the company.
- Led and handled all frontend development for <https://dps.mn.gov/> (the Minnesota Department of Public Safety) in 2024, a site with 20k+ visitors weekly.
- Led and handled all frontend development for <https://mwr.org/> (Chicago water utility) in 2023, which won multiple NAGW pinnacle awards.
